

Pronea – a long-term sustainable vision for the region's transformation

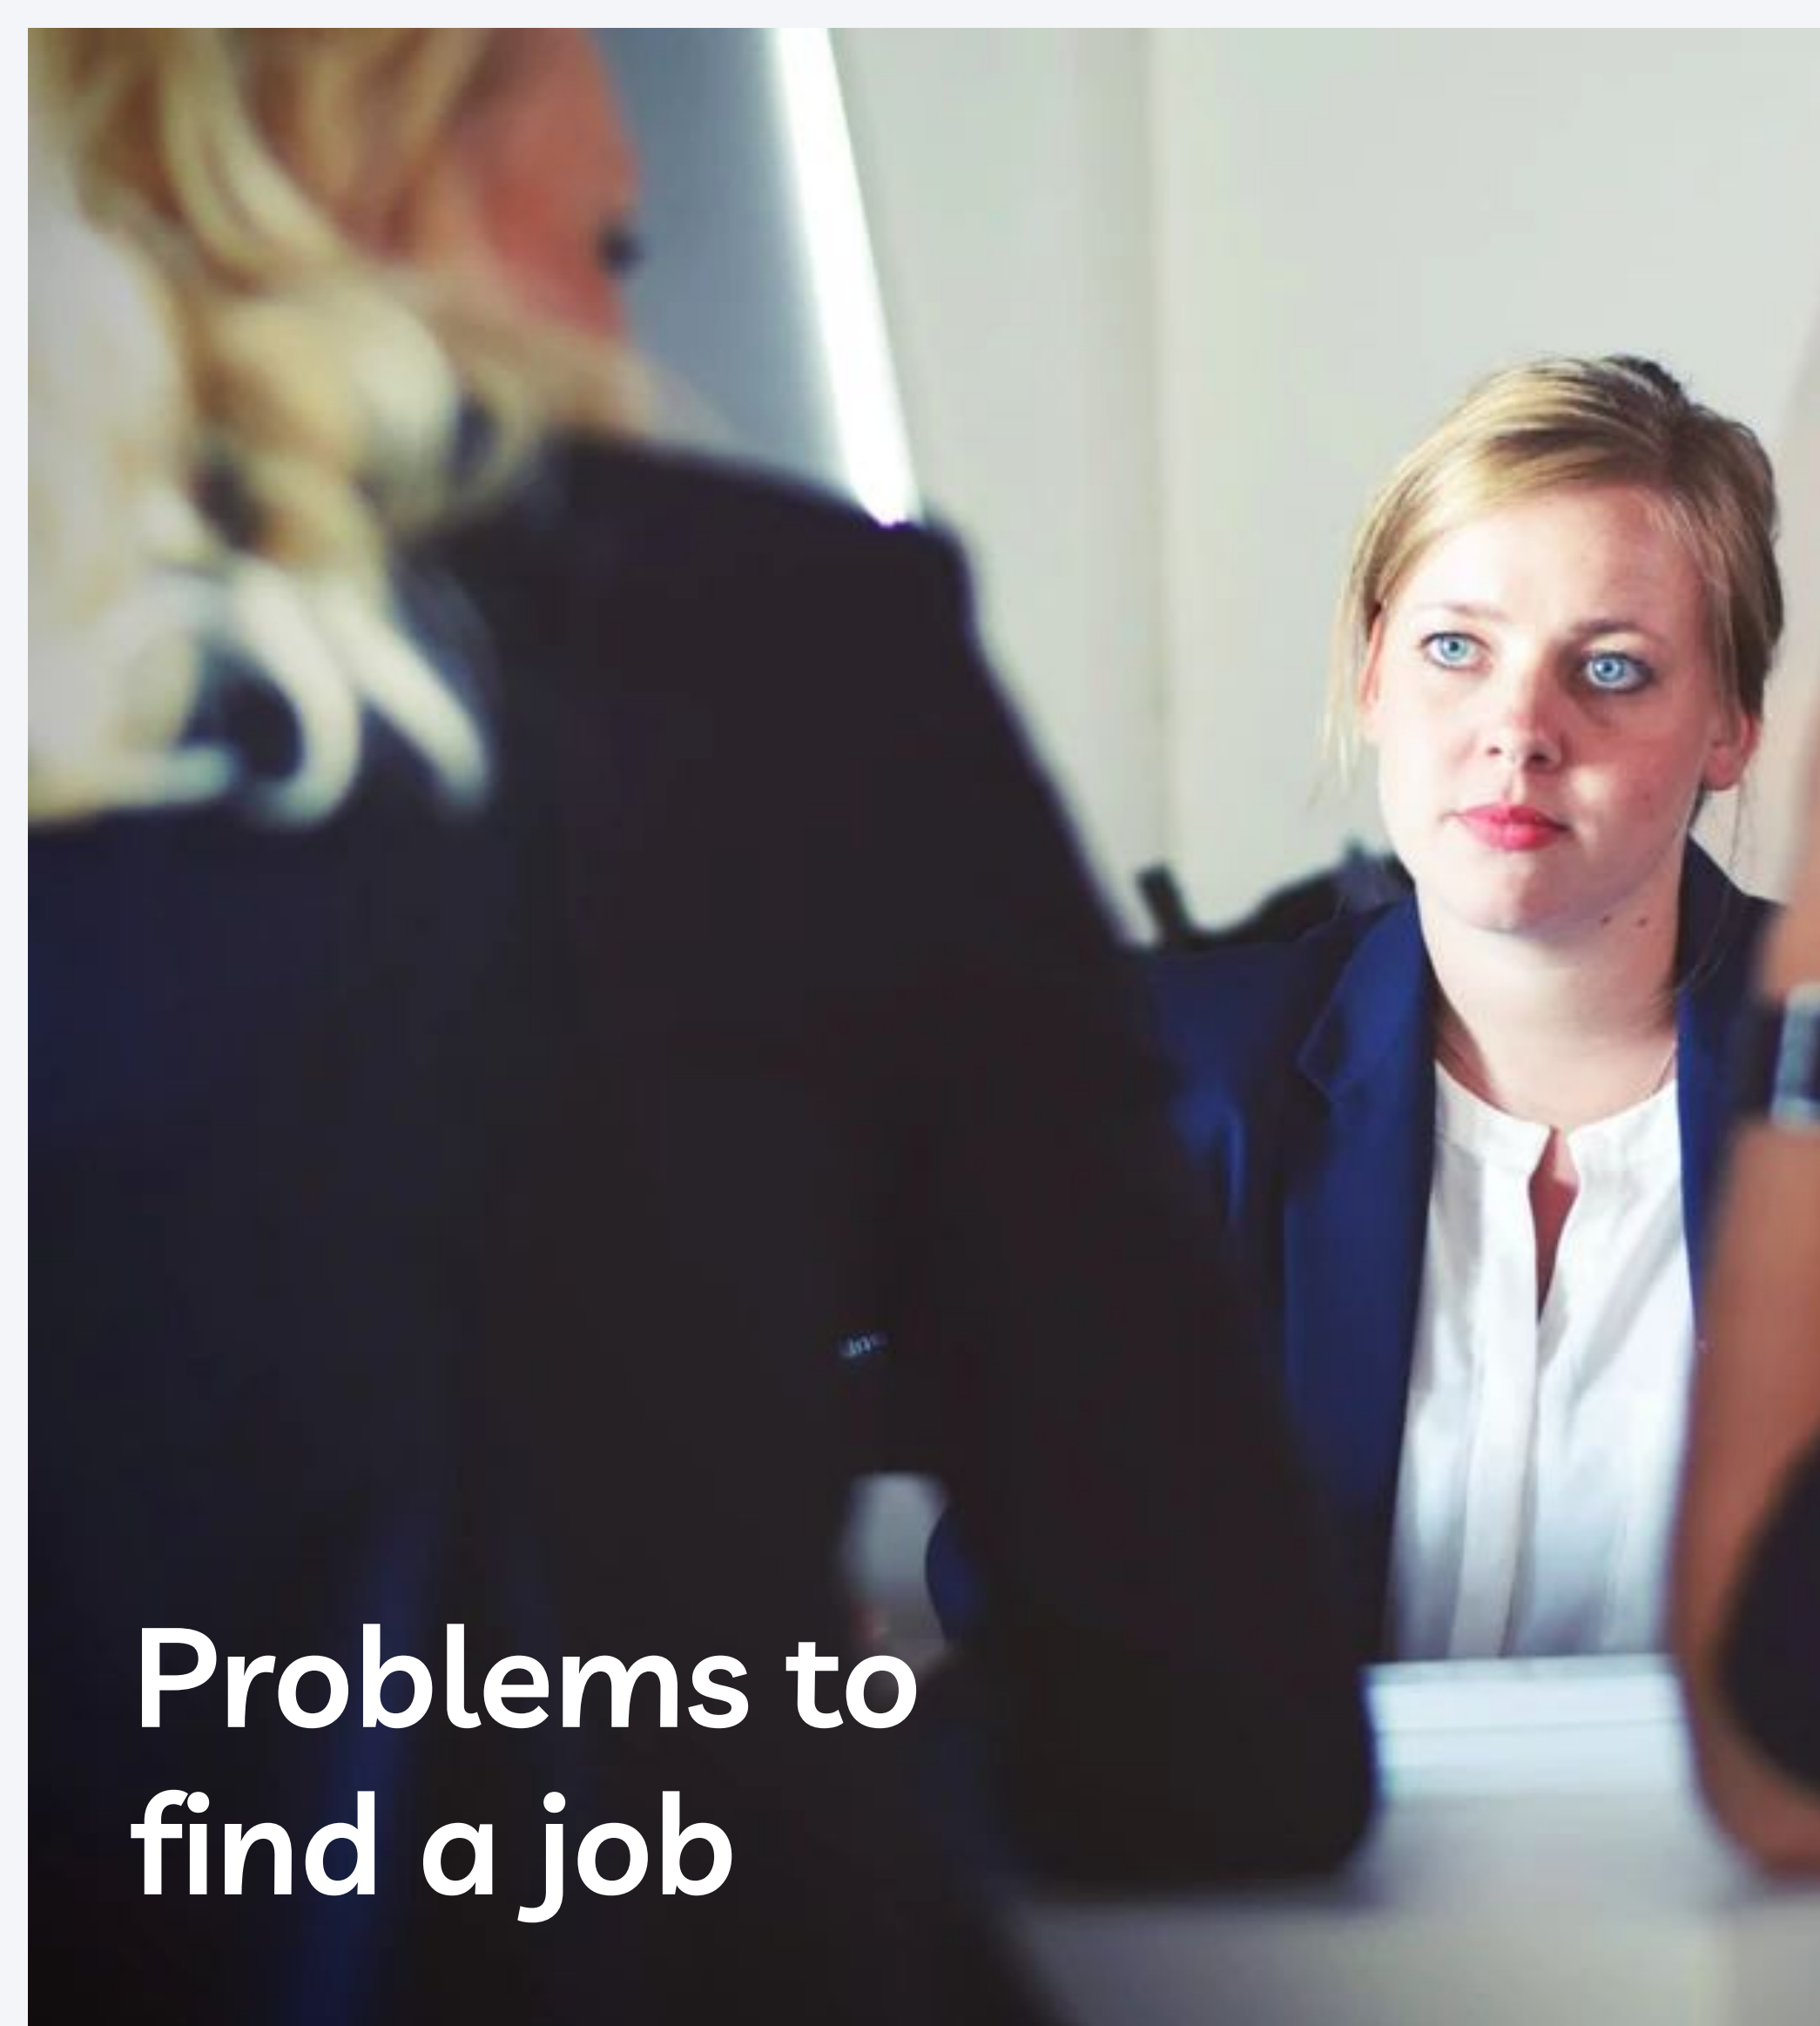

Partizánske, the town with a rich history The ideal industrial town of the past

Current situation

Pronea

**Problems to
find a job**

**The biggest
outflow of
people from
the region**

We need a systematic solution

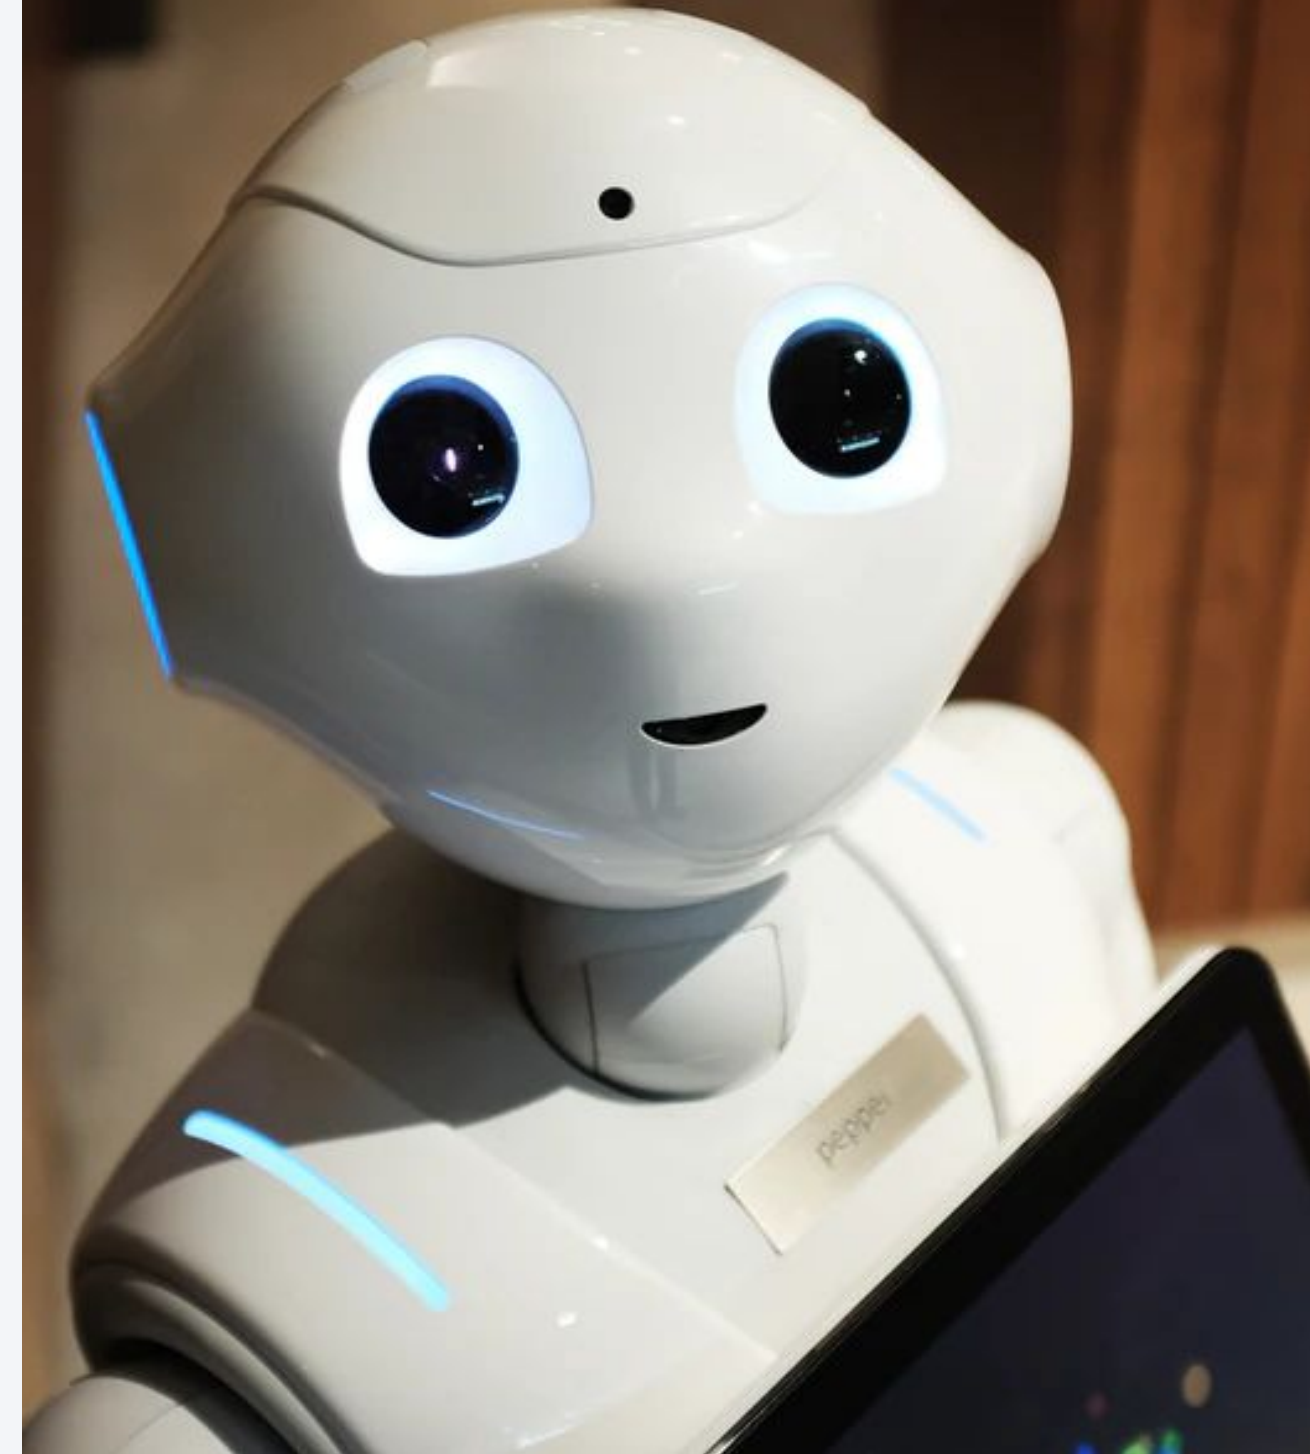

New objective:

Recreate the character of the
Upper Nitra region and focus
on three specific areas

Innovations

**New
education**

**Human
technologies**

Goal

For society, the Pronea ecosystem aims to create an attractive region. Through its concept, offer and opportunities it intends to motivate people to come back to Partizánske.

PRONEA

Our goal is to transform the region of Upper
Nitra through education of young people.
We want to turn it into a region
worth to work and live in.

HUB

PRONEA
MEDIA

PRONEA ACADEMY

Secondary vocational school that uses its disciplines and innovative methods to prepare young people to find their place in the rapidly changing world of the 21st century.

PRONEA CAMPUS

The student campus with dormitory offers its students the opportunities of social life, volunteering and social engagement. It is the place where, in addition to autonomy and practical skills, students can also develop their good characters.

PRONEA HUB

The innovation hub encourages students to apply their knowledge to real life and work. It is the place where students can fully develop their knowledge, talent and creativity in real-life environment through cooperation with companies.

PRONEA SMART SPORT

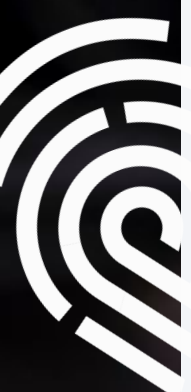

The sports academy with diverse sports fields helps to build the right balance in a person's life. Regular sport has a positive impact not only on students' health, but also their brain activity as well as their psychics.

PRONEA ART

Pronea Art answers the need for human artistic expression. Art, with the opportunity of emotional expression completes the possibility of students' holistic development.

Our added value

PRONEA
ACADEMY

Ability to get employed – Certificates – Education

PRONEA
CAMPUS

Autonomy – Values – Character

PRONEA
HUB

Experience – Mentoring – Practice

PRONEA
SMART SPORT

Physical activity – Health – Relax

PRONEA
ART

Development – Art – Inspiration

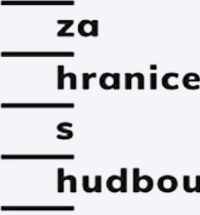

A graduate:

- autonomous,
with values,
strong character,
work skills,
with a network of contacts,
experience
is able to get employed
immediately.
